TECHNICAL DATA SHEET

AQA

Hardner for cement and lime based Plasters

Name	AQA
Description	This emulsion makes a solid, transparent film which improves the adhesion, the hardness and the pressure and abrasion resistance of cementitious mortars Suitable to dilute Marmorino for floor
Composition	Emulsion of acrylic/methacrylic copolymer and additives like coalescing and fluidifying agents.
Appearance	Milky
Colour	White– transparent
Application fields	Suitable for formulation of cement or lime based mortars and insulation coatings
Packaging	9,5 plastic container
Dilution	Ready to use. Proper to be used instead of water to dilute plasters in powder form
Theoretical Yield	One can is proper to dilute 20 kg of cementitious plaster
Application temperatures	between 5 and 35°C
Specific Weight	1,00
PH	6,7
Inflammability	not flammable
Shelf Life	Keeps three years at +5 to 25°C in new container
Storage Suggestion	Avoid extreme heat and protect from frost
Safety Norms	In case of contact with eyes rinse thoroughly with water avoiding rubbing the eyes. Keepout of reach of children.
Disposal	Product must be disposed of according to norms and regulations in force. Containers must be recycled.
Voc Classification	Cat. A/I finishes for decorative effects. EU limit: 300g/l of VOC. This product contains 0 g/l of VOC
